## Worcester/Breedekloof Regional Young Wine Show Champions 2020

Yesterday was Worcester and Breedekloof Wine Valley's turn to brag about their young wines at the 188th Regional Young Wine Show. The South African Young Wine Show has been offering winemakers the opportunity to brag about their wines and various wine-making techniques, styles and new cultivars as early as 1833, which makes it one of the oldest wine shows in the world.

*Worcester Wine and Olive Route is proud to announce and like to congratulate the following winning cellars:*
